Dear Mrs LeGuin

We would very much like to have you as guest of Honour at the Vancouver Science Fiction Convention. It will be held on April 9-11, 1971 at the Hotel Georgia, 801 West Georgia Stn

The first evening will be a socializing and getting together.

The convention will start in earnest on the second day with an introduction of the more prominent members and then a panel discussion which we hope you will take part in. We would hope that you will also give a short talk on the afternoon on one of these suggested topics: Fantasy; My life as a mother and SF writer; what it feels like to win a Hugo and Nebula; or sex and gender in SF; or you may suggest one yourself whatever you wish. There will be a fan-panel and a proposed multi-media presentation of SF at other times in the day

- A short film and slide show will be going on between major events. At the banquet that evening there will be several after-dinner speakers and perhaps you might want to add to their diverse ramblings. Parties will continue the evening and this will be the end of the formal convention.

We shall pay your expenses, and if you want, get a baby-sitting for your children. The convention will be a relaxed affair and you may participate at any level you wish, but please come as our star.

Please come! We want you as our First Guest of Honour at the first Vancouver Convention. Ever since the interview in November, we have had literally hundreds of people want to meet you, and now everyone seizes on your stories.

Please come! "A splendid time is guaranteed for all"
